

Arthritis Council Special Topic Call

January 5, 2018

Attendees:

- Nancy Katagiri, New York
- Celeste Harp, New York
- Beth Richards, Missouri
- Liz Harrison, Missouri
- Karen McCloskey, Michigan
- Celsa Bowman, Utah
- Becky (Rebecca) Castleton, Utah
- Stephanie George, Utah
- Heather Welch, Montana
- Candice Lee, Michigan
- Jasmine Franco, Rhode Island
- Holly Frye, Kansas
- Heather Murphy, NACDD

NOTES:

- Overview of data systems provided by Michigan, NY, Montana, Missouri, Utah, and Kansas.
- Discussion on what is working and not working.

Recommendations:

- Standardized system that meets the needs of state arthritis programs as well as community partners – solicit input from states and partners when developing/refining this system.
- Incorporate a 'Find A Workshop' feature into data system as well as EBI leader training opportunities and ways to track ongoing and new participants.
- Include a bi-directional referral and feedback component.
- Pool together resources from all states and have one contract/agreement rather than multiple agreements from different sources.
- Include a component that allows for the upload of data to other systems; the ability to query data in different ways, real time.
- Discuss data system with NCOA; learn from YDPP and NDPP
