• Ask questions
• Send a message to Abby Lowe-Wilson for technical assistance during the webinar

• Use the arrows right next to “Mute” to mute and unmute yourself
• Use the arrow next to “Start Video” to start or stop your video
Zoom overview – continued

• Under view options at the top of your Zoom window, select “Full screen” or “Fit to window.”
Today’s speakers

John Robitscher
Chief Executive Officer
NACDD

David Hoffman
Board Member
NACDD

Marti Macchi
Senior Director of Programs
NACDD
David Hoffman

COVID-19 Policy/Legislation Update
Marti Macchi

NACDD Resources
NACDD Resources

The National Association of Chronic Disease Directors (NACDD) has provided several resources to assist State Department Chronic Disease Units and other public health professionals as they respond to the COVID-19 pandemic. A list of these resources is available on their website. For more information, visit www.chronicdisease.org.

Tips on effective virtual meetings

1. Assign a facilitator. Have one person who can answer questions about the meeting platform and who will be responsible for ushering the group through the meeting. You may also wish to assign someone to take notes.

2. Get participants on camera. Having everyone attend a virtual meeting on camera makes the meeting feel much more like you are in-person and can increase engagement.

3. Provide dial-in and computer audio options. It’s helpful to provide a dial-in option to be sure people can connect to audio on their computer or on their phone.

4. Use introductions and icebreakers. Reinforcing personal connections is particularly important in a virtual setting. For meetings where participants don’t yet know each other, make sure to do introductions and icebreakers as you would in an in-person setting. For teams that know each other, a check-in can be done rather than an icebreaker.

Visit www.chronicdisease.org for more information.
Q & A / Discussion
Next Chronic Disease Directors Forum

April 2\textsuperscript{nd} webinar has been canceled.

Next webinar: May 7\textsuperscript{th}, 2020
Please complete the evaluation!

The evaluation will be launched as a poll momentarily.

We value your feedback!
