STRATEGIC LEADERSHIP IN PUBLIC HEALTH STATE AGENCIES – Online cohort course for emerging leaders.

• The course provides an overview of strategic leadership with an emphasis on systems change within the context of public health state agency. **Topics include:** systems thinking, collective impact, adaptive leadership, health equity, design thinking and employee retention and engagement.

• **Dates:** March 2 – April 10 (six weeks)

• **Commitment:**
  – Participate in three one-hour webinars
  – Spend about 2 hours per week reviewing course material
  – **Commit** to participating in **weekly online** course group discussions

Please nominate an emerging leader from your chronic disease unit by **Feb 21, 2020** by emailing Anya Karavanov at [akaravanov@chronicdisease.org](mailto:akaravanov@chronicdisease.org)
NEW CHRONIC DISEASE DIRECTOR’S ORIENTATION AND LEADERSHIP NETWORK – Starting March 2020

The purpose of this learning opportunity is to:

• Support new Chronic Disease Directors in understanding their role and responsibilities
• Provide connections to assist new or recently hired chronic disease directors in obtaining additional support they may need to be successful in their roles
• Facilitate peer interaction among a network of chronic disease leaders

Dates: March 9 – April 2 (four weeks)

Commitment:

• Participate in four weekly one-hour webinars
• Spend about 1 hour per week reviewing course material

If you are a new Chronic Disease Director and interested in participating, please send an email to Anya Karavanov at akaravanov@chronicdisease.org
NACDD Announcements
