Presenter Biographies

Sarah Brokaw, MPH, has managed the Montana Diabetes Program at the Montana Department of Public Health & Human Services for four years. She supports increased access to programs for diabetes prevention and diabetes self-management education, quality improvement of clinical care, and surveillance. Sarah received her Master of Public Health from the University of Michigan School of Public Health and her Bachelor of Science from St. Lawrence University in New York. She got her first mountain bike this summer and has been on Helena's renowned trails with her husband Jeremy and dog Layla.

David L Grimes MD, MPH, FACOG, FACPM, is the Medical Director Women's Health at the Arkansas Department of Health. In this role, he serves as an adviser for the Breast And Cervical Cancer Prevention Program and coordinates physicians for women's health clinics and women's health nurse practitioners. He provides expertise on obstetrical care services for the public health system in Arkansas. He provides guidance on information that is included on the birth certificate and its importance to public health and evaluation.

Bonnie J. Bradley, MPH, RD, LD, is a Public Health Nutrition Consultant for the Chronic Disease Prevention & Control Branch at the Arkansas Department of Health. In this role, she is responsible for the administration of statewide coordination of nutrition activities, evidenced-based nutrition education and technical assistance. She provides services across the Domains, Domain 2, 3, & 4. She is committed to making a difference.
