

Peer-to-Peer Training: Make it Transformational

Faye Wong, MPH, Chief, Program Services Branch,
Division of Cancer Prevention and Control, CDC

Enhancing Cancer Programs through Peer-to-Peer
Learning: Shared Successes and Challenges in
Health System Collaborations, June 4-7, 2019

Embrace expanded approaches to increasing cancer screening...

Implement and sustain use of evidence-based interventions (EBIs) in health systems

Increase clinic-level screening rates

Needs &
Opportunities

Infrastructure,
Capacity, & Public
Health Expertise

Evidence-based
Interventions

1% Idea >
99% Execution.

Innovation

Outcomes
Impact

It is about **ACTION**. Creating what you can not see.
It is about **CONNECTION**. Connecting to partners and systems.
It is about **DEVIATION**. Forging new paths.

TRANSFORMATIONAL
THINKING
MEETS TRANSFORMATIONAL
DOING.

High performance. Delivered.

SUSTAIN

REPEAT...

"I think you should be more explicit here in step two."

Who is here? What is my job this week?

- NBCCEDP Grantees
- CRCCP Grantees
- Invited speakers and participants
- IMS
- NACDD
- Strategic Health Concepts
- CDC Division of Cancer Prevention and Control

Your job is to share, learn, ask questions, connect, and identify useful ideas, strategies, and approaches for

YOUR OWN PROGRAM'S TRANSFORMATIONAL DOING...

Thank you!
