

EMPLOYER NETWORK

Preventing Type 2 Diabetes, One Workplace at A Time

Employers gain access to the [Employer Learning Collaborative](#) (ELC) [Employer Network](#) when their State Health Department (SHD) or national organization partner participates in National Association of Chronic Disease Directors' (NACDD) ELC for the National Diabetes Prevention Program (National DPP). The ELC Employer Network provides peer learning, sharing, and strategizing opportunities tailored specifically for employers who are interested in preventing type 2 diabetes by offering the National DPP lifestyle change program as a covered benefit.

All employers partnering with a SHD or national organization participating in the ELC are welcome to join! Through the ELC Employer Network, you will have the opportunity to share with peer employers and meet with subject matter experts from NACDD and Centers for Disease Control and Prevention (CDC). Together, we hope to define and build a replicable model for adding the National DPP lifestyle change program as a covered employee benefit.

THE PATHWAY TO HEALTHIER WORKPLACES STARTS HERE:

| ELC EMPLOYER NETWORK | | |
|--|--|---|
| Peer Sharing | Educational Offerings | Recognition as a Health Innovator |
| <ul style="list-style-type: none"> Affinity Groups LinkedIn Group Access to Peer Success Stories | <ul style="list-style-type: none"> Knowledge Forums Decision Support Tools Access to National Experts | <ul style="list-style-type: none"> Personalized Success Stories NACDD Recognition Self-Promotion Materials  |
| <p><i>Employer Network offerings are in addition to technical assistance and support provided by State Health Departments and national organizations participating in the ELC.</i></p> | | |

VALUE OF ACTIVE PARTICIPATION IN THE ELC EMPLOYER NETWORK:

| Offering | Component | Value |
|--|--|--|
| Peer Sharing | Affinity Groups | Engage in industry-specific discussions about offering the National DPP lifestyle change program as a covered benefit. |
| | LinkedIn Group | Quick and easy access to peers, NACDD experts, resources, and upcoming events. |
| | Peer Success Stories | Listen to audio interviews, read case studies, and discover snapshots of success from peers across the country. |
| Educational Offerings | Knowledge Forums | Participate in educational sessions about topics that are important to consider when offering or deciding to offer the National DPP lifestyle change program as a covered benefit. |
| | Decision Support Tools | Use factsheets, tip sheets, workbooks, and more that help employers navigate the path to coverage. |
| | Access to National Experts | Access national experts at NACDD for quick feedback and guidance specific to employer circumstances. |
| Recognition as Health Innovator | Personalized Success Stories | Record audio interviews that explore the inner workings of adding the National DPP lifestyle change program as a covered benefit. |
| | | Inform case studies to showcase approaches and techniques that resulted in positive outcomes. |
| | | Capture success snapshots for quick and digestible information about the positive impacts of offering the National DPP lifestyle change program as a covered benefit. |
| | NACDD Recognition | Receive public recognition for your organization and individual contributions at NACDD-sponsored events. |
| | | Strengthen your organization's reputation with recognition from NACDD, promoted on social media. |
| Self-Promotion Materials | Showcase your organization's commitment and success using Health Innovator communication tools like press release templates, social messaging ideas, and more. | |

Since 1988, the National Association of Chronic Disease Directors and its more than 7,000 Members have worked to strengthen state-based leadership and expertise for chronic disease prevention and control in all states, territories, and nationally. Learn more at chronicdisease.org.
