In this Learning Lab, You Will...

- Gain knowledge about the purpose, structure, benefits, process, and considerations for creating and sustaining Umbrella Hub Arrangements (UHA).
- Assess the landscape and partner interest for forming a UHA.
- Receive support from National DPP lifestyle change program UHA experts, thought leaders, and peer networks.
- Take initial planning steps to develop a UHA.

“It was helpful to hear the profiles of each organization’s unique status, approach and geographical and state realities.”

Former UHA LEAP Participant
What to Expect

- Eight, 90-minute Zoom meetings plus an extended landscape and partner assessment phase.
- Opportunities for individual consultation and technical assistance.
- A subject matter expert led learning environment that includes peer-led discussions, case studies, brief assignments, participant presentations, and more.

Ready to Learn More?

Visit the Coverage Toolkit UHA page for a UHA basics webinar and some of the tools highlighted in this learning lab.

Visit the National DPP UHA Guidance and Application to learn more about establishing a UHA.

Contact the NACDD Diabetes Team to learn more about how to join the next UHA LEAP Learning Lab.

The “Diabetes Technical Assistance and Support for State Health Departments” project is supported by the Centers for Disease Control and Prevention (CDC) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $6,600,000 with 100 percent funded by CDC/HHS. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by CDC/HHS, or the U.S. Government.

Since 1988, the National Association of Chronic Disease Directors and its more than 7,000 Members have worked to strengthen state-based leadership and expertise for chronic disease prevention and control in all states, territories, and nationally. Learn more at chronicdisease.org
