

LEAP Learning Lab

UMBRELLA HUB ARRANGEMENTS

LEAP (Learn. Explore. Activate. Problem-solve.) Learning Labs are topic-specific, group-based learning opportunities offered through a collaboration between the Centers for Disease Control and Prevention (CDC) and the National Association of Chronic Disease Directors (NACDD) to help State Health Departments and 1705 Recipient Organizations actively pursue new or enhanced approaches for scaling and sustaining the National Diabetes Prevention Program (National DPP). LEAP Learning Lab participants learn and contribute to identifying promising practices, effective tools, and resources.

In this Learning Lab, You Will...

- Gain knowledge about the purpose, structure, benefits, process, and considerations for creating and sustaining Umbrella Hub Arrangements (UHA).
- Assess the landscape and partner interest for forming a UHA.
- Receive support from National DPP lifestyle change program UHA experts, thought leaders, and peer networks.
- · Take initial planning steps to develop a UHA.

"It was helpful to hear the profiles of each organization's unique status, approach and geographical and state realities."

Former UHA LEAP Participant

What are Umbrella Hubs?

Umbrella Hub
Arrangements
(UHA) connect
community-based
organizations with
healthcare payment
systems to pursue
sustainable
reimbursement for
the National DPP
lifestyle change
program, including
the Medicare
Diabetes Prevention
Program.

Umbrella Hub
Organizations
(UHO) provide
administrative and
other supports to
subsidiary
organizations so
they can focus on
delivering the
National DPP
lifestyle change
program.

What to Expect

- Eight, 90-minute Zoom meetings plus an extended landscape and partner assessment phase.
- Opportunities for individual consultation and technical assistance.
- A subject matter expert led learning environment that includes peer-led discussions, case studies, brief assignments, participant presentations, and more.

Ready to Learn More?

Visit the <u>Coverage</u>
<u>Toolkit UHA page</u> for a
UHA basics webinar
and some of the tools
highlighted in this
learning lab.

Visit the National DPP
UHA Guidance and
Application to learn
more about
establishing a UHA.

Contact the NACDD
Diabetes Team to
learn more about how
to join the next UHA
LEAP Learning Lab.

The "Diabetes Technical Assistance and Support for State Health Departments" project is supported by the Centers for Disease Control and Prevention (CDC) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling \$6,600,000 with 100 percent funded by CDC/HHS. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by CDC/HHS, or the U.S. Government.

Since 1988, the National Association of Chronic Disease Directors and its more than 7,000 Members have worked to strengthen state-based leadership and expertise for chronic disease prevention and control in all states, territories, and nationally. Learn more at chronicdisease.org
