Four individuals were taught how to train additional trainers, and 27 trainers learned how to train employers.

30 Champions
Trainees recruited champions to spread the word about the Work@Health® training among employers.

133 Employers
Trainers led 133 employers through a hands-on, action-oriented curriculum.

133 ScoreCards
Employers completed 133 CDC Worksite Health ScoreCards, a planning and assessment tool.

Why address the workplace?
Individuals spend an average of 7.6 hours at work per day.

Since 2018, NACDD has worked with five State Health Departments to deliver Work@Health® in:

- Missouri
- Montana
- Oklahoma
- Utah
- West Virginia

WHAT TRAINERS SAY

- 96% believe the training increased their knowledge of worksite health
- 100% say the training topics met their needs
- 96% agree that the training was effective

This training gave me tools and resources to work with employers to implement evidence-based policies, programs, and practices.
