Planning for the Long Haul: Understanding and Using the PSAT for Sustaining your SPINE Project

Register Here

<https://chronicdisease.zoom.us/meeting/register/tZUlf-ysqjoiEtAARGRgN0d40fkrT7Huknym>

Attendees: All NACDD SPINE Team Members, All SPINE State Leads, BRIC states

Purpose: During this session, we will hear from two subject matter experts of the Program Sustainability Assessment Tool, or the [PSAT](#), developed by the Center for Public Health Systems Science at the Brown School, part of Washington University, St. Louis. Participants will learn about the Sustainability Framework that laid the foundation for the PSAT, as well as how the various domains impact program sustainability. Finally, participants will be guided through the PSAT website and demonstrate how to access and complete the assessment.

Time	Agenda Item
