PROGRAM PURPOSE:
The National Association of Chronic Disease Directors (NACDD) is a national public health non-profit agency focused on the health of the public by strengthening state and national leadership and expertise for chronic disease prevention and control. NACDD’s core membership is composed of the 58 State and Territorial Health Department Chronic Disease Directors and their staff who protect the health of the public through primary and secondary prevention efforts and work “upstream” on root causes of chronic conditions. NACDD promotes health and reduces the burden of chronic disease through various programs and initiatives. Among them is the Building Resilient and Inclusive Communities (BRIC) program being implemented across 20 states in collaboration with the Centers for Disease Control and Prevention’s (CDC) Division of Nutrition, Physical Activity, and Obesity and the Division of Population Health, and a team of nationally recognized experts.

To enhance public health resources across the country and support state and local public health settings respond to and recover from the COVID-19 pandemic, the Public Health AmeriCorps (PHA) program supports the recruitment, training, and development of the next generation of public health leaders. In partnership with a State Health Department or similar agency, local health department(s) or other community-based organization(s), and/or a local YMCA or YMCA State Alliance, Service Members will be placed across ten BRIC states to advance existing efforts around food and nutrition security, safe physical activity access, social connectedness, and health equity, all within the context of the impact of the COVID-19 pandemic.

SPECIFIC SERVICE FUNCTIONS AND RESPONSIBILITIES:
The PHA Service Member experience will include an opportunity to be exposed to State governmental public health and health and human services approaches that include: 1) exposure to the machinations of how state level public health engages partners across sectors to advance public health priorities which are community priorities; 2) interaction with a variety of multisector/multidisciplinary thought and community leaders; 3) participation in an action planning process using RBA – Results Based Accountability; 4) learn more about how NC public health and DHHS is trying to elevate equity principles which include SDOH; 5) learn more about how PSE approaches to “wicked” problems require a collective impact approach (clinical, social, economic). PHA Service Members will:

- Work with the Co-Chairs of the Limited Access to Healthy Foods, Sugar Sweetened Beverage Consumption and Access to Physical Activity to capture priority policies and actions towards NC Healthy2030 goals
- Engage Community Council members as appropriate to follow up on in between official meetings work
- Work with NC SHIP Project Manager to update web-based tool that monitors progress on HNC 2030 indicators and NC SHIP
- Participate in DHHS and DPH leadership meetings
- Be trained in Results Based Accountability Training (RBA) Turning the Curve
- Conduct a photovoice project to tell the story behind the curve telling the story behind the curve through photovoice collecting photographs and/or real stories capturing the lived experience of North Carolinians as it relates to the 21 indicators
- Conduct network mapping capturing and codifying the biographies of the Community Council partners involved, that could include their name, title, agency, focus, and how their work connects to the NC SHIP and vice versa. This would include the various advisory groups, councils, and related coalitions in that would be beneficial too
- Serve as the Social Media lead for updating partners on NC SHIP indicator efforts
