Texas Food and Nutrition Security State Profile

Overview
According to the U.S. Department of Agriculture’s Economic Research Service (USDA ERS), 13.3% of households in Texas (TX) experienced food insecurity between 2018-2020. The prevalence of obesity among adults living in Texas was 35.8% in 2020 as reported by the Behavioral Risk Factor Surveillance System (BRFSS).

Demographic Overview
2019 U.S. Census data reports Texas has an estimated population of 28.99 million. They identify as White (78.7%), Black (12.9%), American Indian and Alaska Native (1%), Asian (5.2%), Native Hawaiian and Other Pacific Islander (0.1%) only. According to the 2019 Census report, 39.7% identify as Hispanic or Latino. 13.6% of Texas residents experienced poverty in 2019.

Building Resilient Inclusive Communities (BRIC) - TX BRIC Communities
The following counties will be prioritized by the TX BRIC project: Bowie, Red River, and San Augustine Counties.
