

MPICCS health systems

Missouri Dept. of Health and Senior Services health systems

Missouri Partnership to Increase Colorectal Cancer Screening

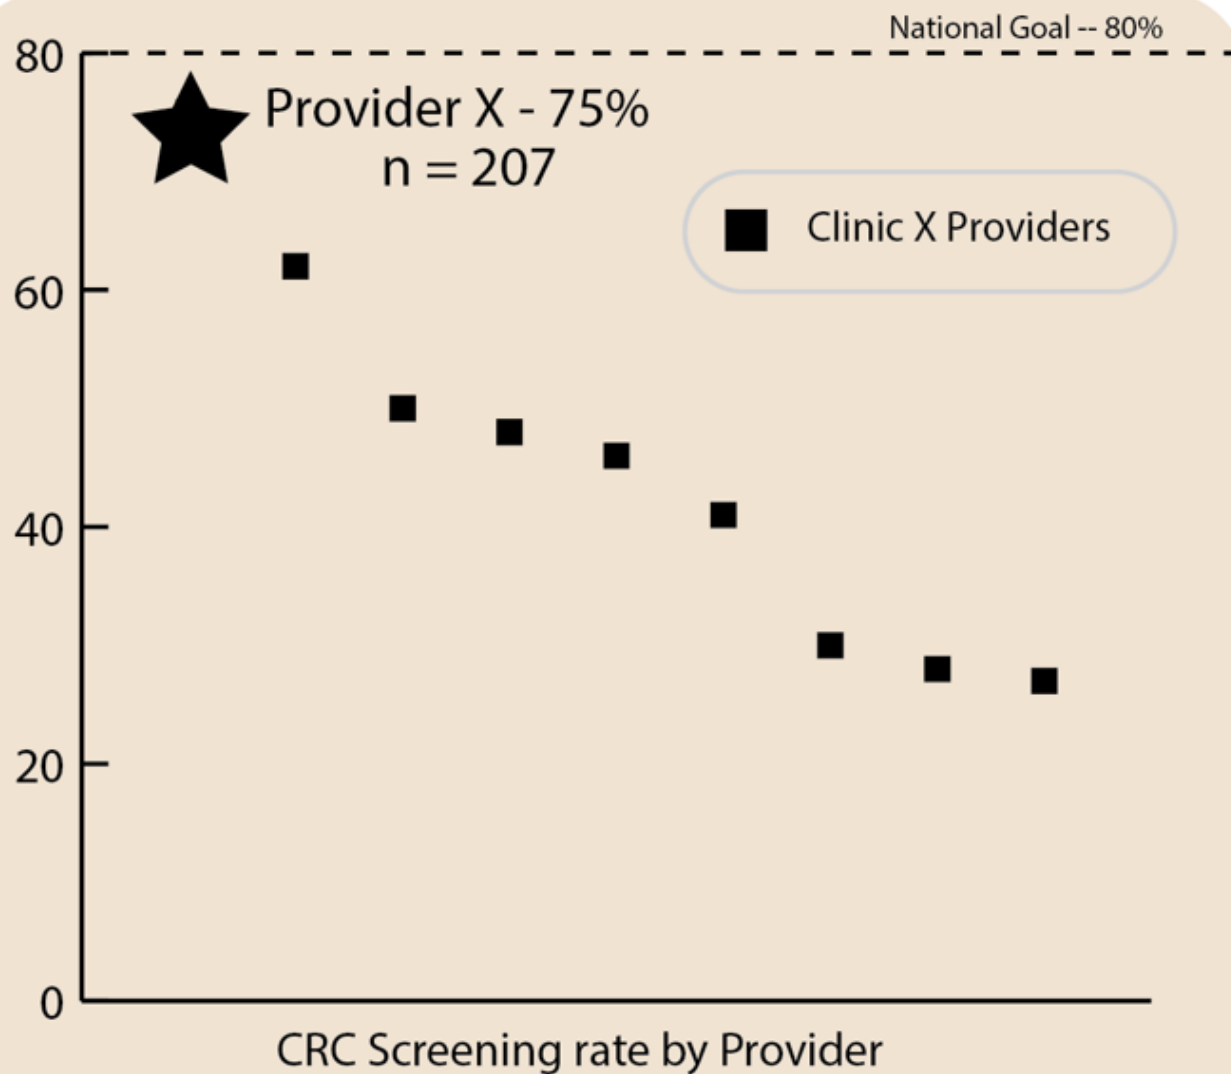

# Tip from the field

## Handwrite “Return by” Date to FIT Kit

Evidence suggests up to 75% of patients return within 2 weeks

Who adds the date in your clinic?

National CRC screening  
goal: 80%

# of additional screenings  
**per month** to achieve goal:  
**2-3 patients**

*Quotes from Clinic Interviewees about MPICCS Practice Facilitators*

Practice Facilitator  
Nuha Wareg, Ph.D.(c), MPH, MBBS

***"We have learned through misadventure—it's fun."***

***"[Practice Facilitators] were very patient and and fantastic. Never seemed frustrated."***

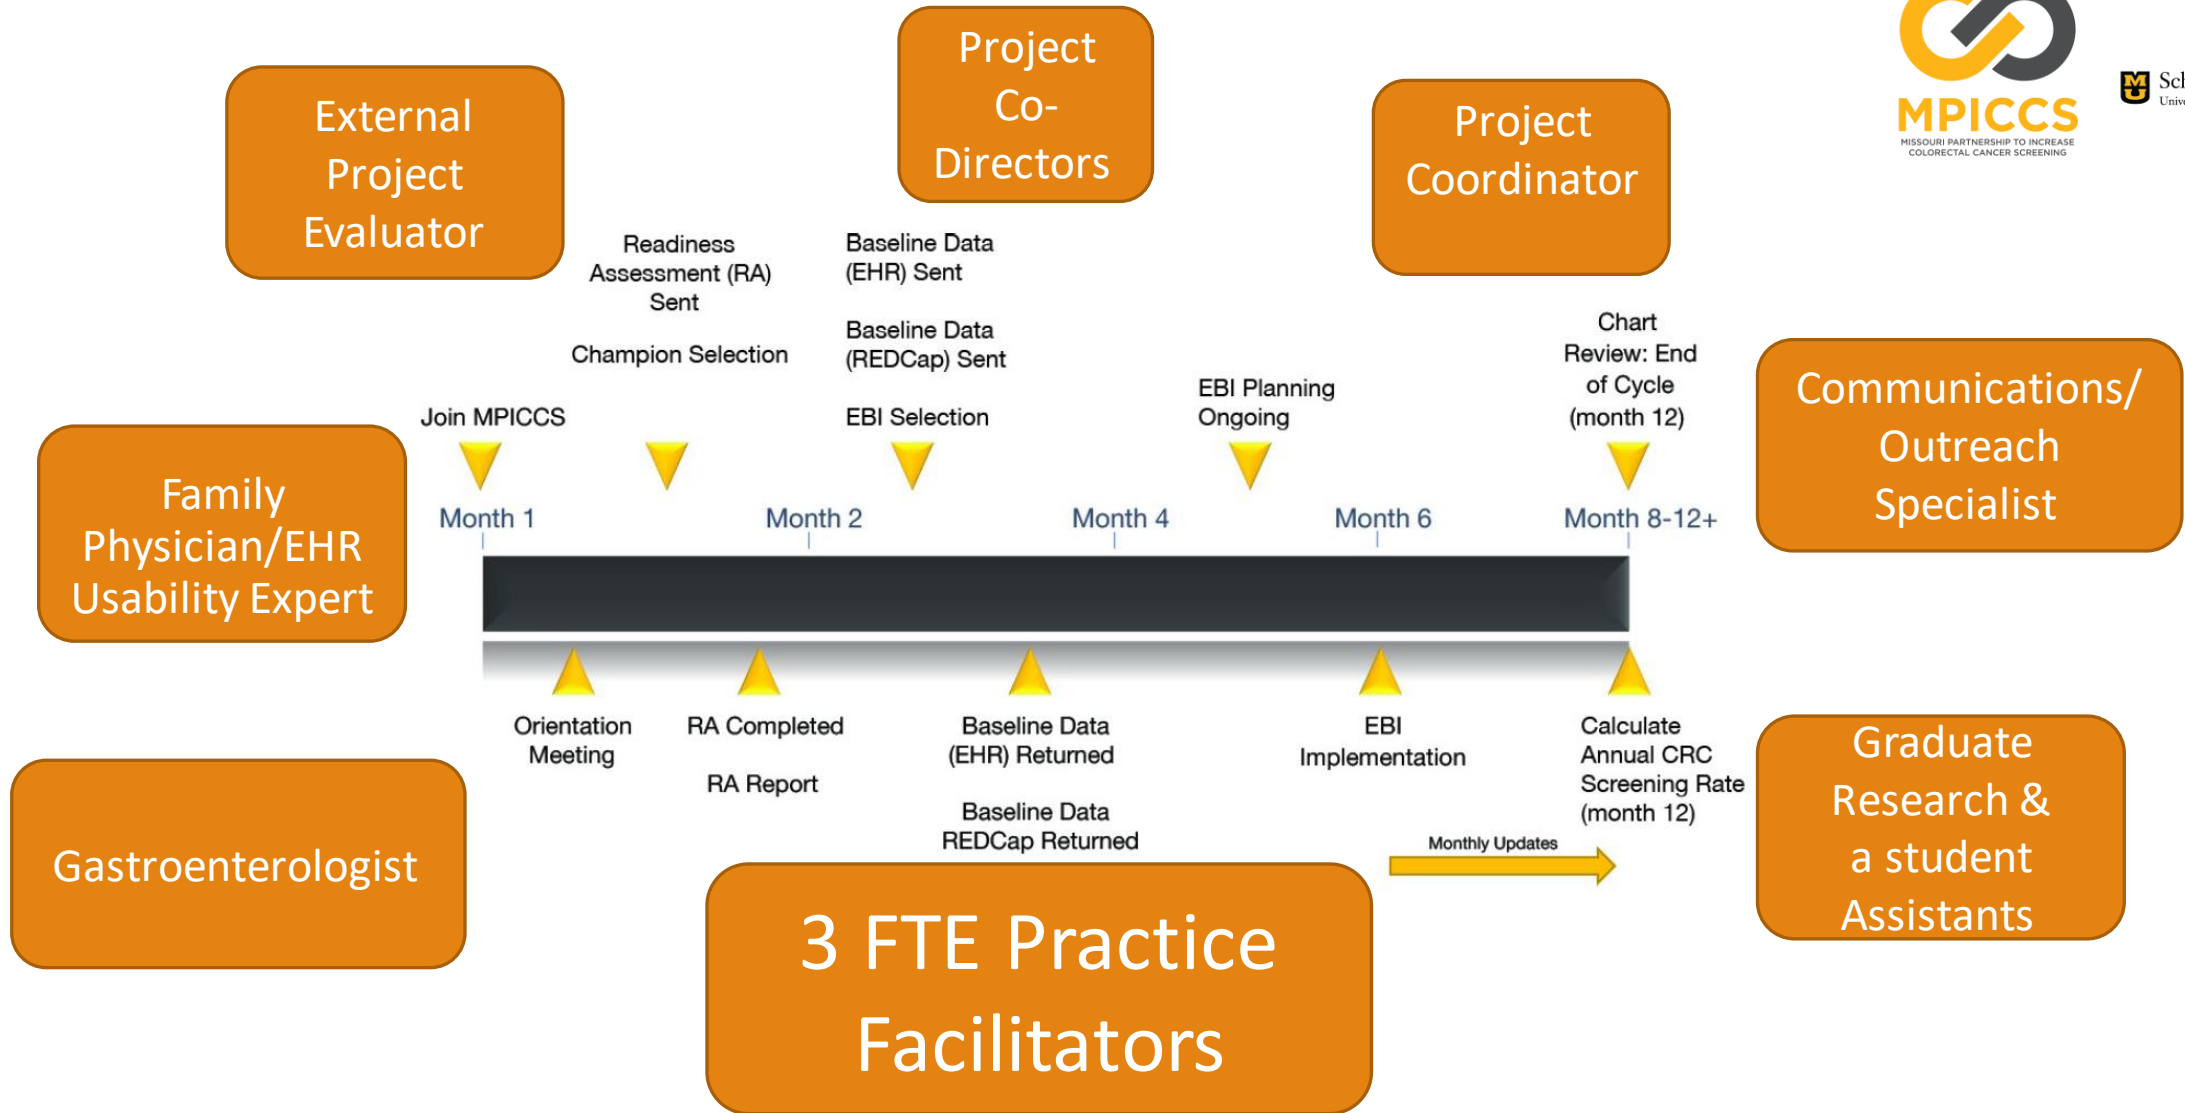

Practice Facilitator  
Brandon Spratt  
DNP, FNP-BC

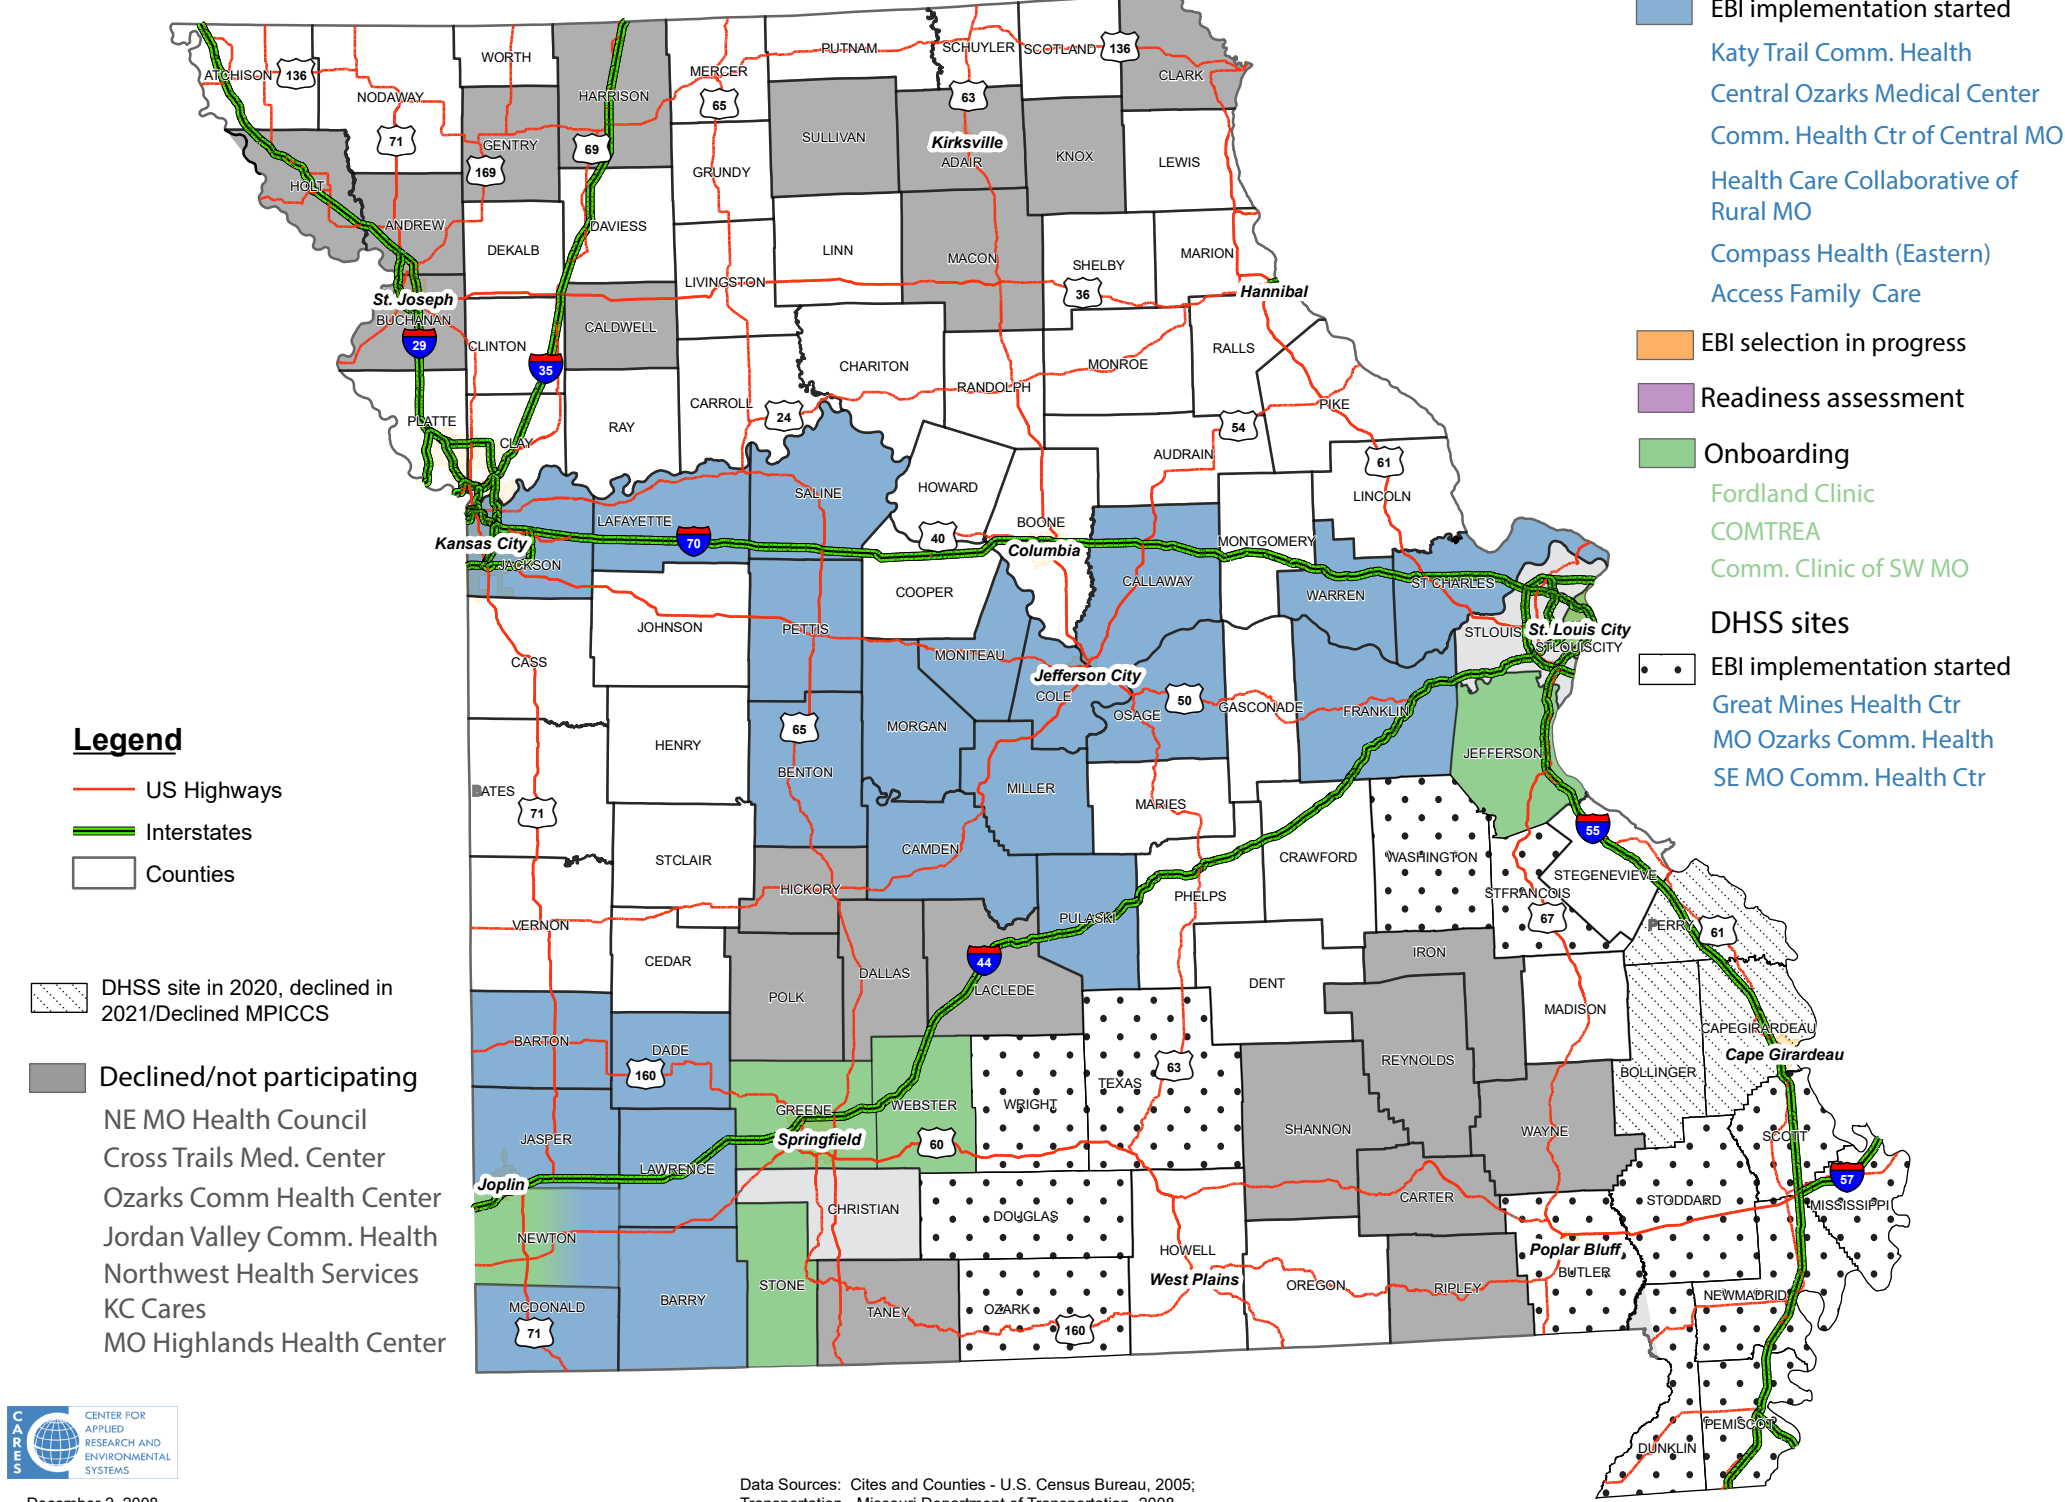

Practice Facilitator  
Alicia Vaca, RN, BSN, MPH

***"They are data geniuses."***

# MPICCS and DHSS sites

## Legend
