

Cancer Screening Program: Systems Change

CLINIC NAME

CLINIC ASSESSMENT OVERVIEW REPORT

Date:

1. Health Information Technology (HIT)

Electronic Health Records (EHR) System:

EHR Longevity:

Key Team Members:

Summary of Assessment Findings:

2. COVID-19 Impact

Negatively Impacted CRC, B&C Screening Yes No
Operations Changes Hours Staffing Clinic Closure Services
Patients Fearful of COVID-19 Yes No

Summary of Assessment Findings:

3. Colorectal Cancer (CRC) Screening Administration

CRC Standing Orders Yes No

Additional Information:

CRC Clinic Champion Yes No

Name/Title:

CRC Screening Options Used FIT FIT-DNA FOBT Colonoscopy

FIT/FOBT/FIT-DNA Brands:

Primary CRC Screening Method FIT FIT-DNA FOBT Colonoscopy

4. Patient Encounters Workflow

Description of Patient Encounter Workflow:

Summary of CRC Eligibility Assessment:

Summary of CRC Screening Ordering Process:

5. Tracking Stool-Based Tests

Description of Tracking Process:

Staff Person(s) Assigned:

Patient Notification Process:

6. Tracking Colonoscopies

Description of Tracking Process:

Staff Person(s) Assigned:

Patient Notification Process:

7. Follow-up Colonoscopy Referrals

Description of Referral Process:

Staff Person(s) Assigned:

Process to Refer Uninsured:

No Show Process:

8. Patient Navigation for CRC and B&C

Patient Navigation Offered

Yes

No

Staff Person(s) Assigned:

Description of Duties:

9. Current Evidence-Based Intervention (EBI) Implementation for CRC, B&C

Provider Assessment & Feedback

Yes

No

Additional Information:

Provider Reminders

Yes

No

Additional Information:

Patient Reminders

Yes

No

Additional Information:

Reducing Structure Barriers

Yes

No

Additional Information:

BASELINE SCREENING RATES

Data year:

These are the baseline rates from which we will measure outcome changes to CRC screening, stool-based test return rates, colonoscopy completion rates, and diagnostic colonoscopy completion rate.

Baseline Rate	Numerator	Denominator	Percentage
CRC Screening Rate			
Stool-Based Test Return Rate			
Screening Colonoscopy Completion Rate			
Follow-up Colonoscopy Completion Rate			

These are the baseline rates from which we will measure outcome changes to Breast and Cervical Cancers screening

Baseline Rate	Numerator	Denominator	Percentage
Breast Cancer Screening Rate			
Cervical Cancer Screening Rate			

Based on these findings, the team has identified the following areas for potential growth:

Area of Assessment including	Opportunities for Growth	Potential Strategies
Provider Assessment & Feedback: evaluate provider performance in delivering or offering screening to clients (assessment) and present providers with information about their performance in providing screening services (feedback).		

<p>Provider Reminders: informs health care providers that a patient is due or overdue for a cancer-screening test, either during or just before a scheduled encounter that help ensure the patient receives a recommendation, referral, or a screening test</p>		
<p>Patient Reminders: advising a patient that he or she is due for a cancer screening test. Patient reminders can be written messages (letter, postcard, e-mail, or text) or a telephone call made by a person or an automated service. The goal is to prompt patients to schedule an appointment for screening.</p>		
<p>Reducing Structure Barriers: to lessen or eliminate non-economic obstacles that make it difficult for people to access cancer screening</p>		
<p>Patient Navigation: help patients overcome barriers to get the cancer screenings and follow-up care</p>		
<p>Clinic Operations</p>		
<p>Staff/Provider Professional Development</p>		
<p>Small Media</p>		
<p>Additional Topic</p>		
<p>Additional Topic</p>		

Based on the findings of this report, our clinic agrees to:

Work with MDH Sage Cancer Programs to establish EBI priorities

Develop and implement a work plan that includes colorectal, breast and/or cervical cancer systems change activities to increase screening rates

Bring together the individuals needed to successfully execute selected EBIs

Actively participate in the evaluation and adaption of EBIs in the clinic

Clinic CRC Screening Rate Goal:

Clinic Breast Cancer Screening Rate Goal:

Clinic Cervical Cancer Screening Rate Goal:

Report Reviewed by (Clinic Staff)
