CENTER FOR ASIAN HEALTH EQUITY

CANCER PREVENTION

Enhancing screening and awareness of cancers, such as colorectal, prostate, lung, and breast cancer.

CHRONIC & INFECTIOUS DISEASES

Preventing cardiovascular disease, hepatitis B, diabetes, and building vaccine confidence, language access, and disaggregated Asian + African immigrant data.

BEHAVIORAL HEALTH

Building community-based capacity and addressing stigma around mental health wellbeing and substance abuse prevention.

PRECISION MEDICINE

The Asian Engagement and Recruitment Care (ARC) is a national outreach strategy for Asian Americans, Native Hawaiians, and Pacific Islanders (AANHPIs) to ensure equitable representation in research.
