SPINE Post Summit Discussion: What's Next, Sustainability & Reflections

Attendees: SPINE States

Description

This Summit to Advance Healthy Communities convened NACDD-funded Building Resilient and Inclusive Communities (BRIC) and State Partnerships Improving Nutrition and Equity (SPINE) states and other subject matter experts to share lessons learned and plan for program sustainability. During the meeting, participants shared successes and lessons learned over the course of program implementation, learned about new topics that are relevant to their work, networked with peer states and other subject matter experts in attendance, and identified strategies to support and sustain SPINE PSE work. The purpose of this Peer Exchange is to continue the discussion on the sustainability plans that were developed during the Summit and get feedback and input from peers to strengthen the plans.

Participants will

- Discuss their sustainability plans and next steps for SPINE work
- Discuss strategies shared during the Summit that can support and sustain SPINE work
- Identify at least one action item or improvement that can be made to strengthen sustainability plans

| Time | Agenda Item |
|--------------|--|
| 2:00-2:05 pm | Welcome |
| 2:05-2:10 pm | Opening Activity |
| 2:10-2:20 pm | Summit Reflection & Recap |
| 2:20-3:15 pm | States will be split into breakout groups to discuss their sustainability plans. Each state will have 10 mins to present (5 mins to present and 5 mins for feedback). During their presentation, each state will be asked to present a question to the group regarding their sustainability plan and what's next for their work. After each state presents, the facilitators will ask other states to answer the question and provide feedback on their plans. |
