Cushanta Horton, MPH
Branch Head, Cancer Prevention and Control Branch
North Carolina Division of Public Health

Heather Dolinger
BCCHP Manager
North Carolina Division of Public Health

PEER — TO — PEER LEARNING

Peer-to-Peer Learning Year 5 Year 4 Year 3 Year 2 Year 1

YEAR FIVE

Project Description

The P2P Learning program is a grantee-informed learning and engagement opportunity that provides breast, cervical, and colorectal programs a space to share and learn from each other. The program includes webinars, calls, and summaries of innovations. These events are open to all breast, cervical, or colorectal programs who receive cooperative agreement funding from CDC.

Activities

Year five programming includes a colorectal cancer control program virtual training, three P2P Learning call series, and two subject matter expert webinars. The content of these activities were informed by the Awardee Planning Group.

Colorectal Cancer Control Program Virtual Training

Colorectal cancer control program awardees, subject matter experts, and partners gathered virtually to REflect, REcommit, and REignite their program for screening success! The training was held Nov. 1-2 2022 and provided a venue to exchange the latest efforts related to colorectal cancer prevention and control.

- Both use in-house eCaST Data System - added WISEWOMAN as a third body part
- Share enrollment screens/information
- Share forms: consents, client profile tool, lawful presence verification

NBCCEDP and WISEWOMAN

Women's Wellness Connection Health Navigation, Clinical Services, and WISEWOMAN

CONSENT FORM

AGENCY OR SITE #	eCaST ID	DATE OF BIRTH	AGE
LAST NAME	FIRST NAME	MIDDLE NAME	MAIDEN NAME

To the best of my knowledge, the GROSS MONTHLY (before taxes) income for my household is: _____. The number of people living on this income including myself (this may include people not living in your house) is: _____.

CLIENT INSTRUCTIONS: Please read this page carefully before signing at the bottom. By signing this form, you are consenting to enrollment for ALL three programs listed below, if offered by this clinic and if you are eligible. You will remain enrolled as long as you meet eligibility requirements and do not request to be withdrawn.

I am enrolling in Health Navigation through the Women's Wellness Connection (WWC) and I understand the following: Health Navigation will help me move through the healthcare system to achieve the best possible breast and cervical health results. This program provides Health Navigation breast and cervical appointments depending on my age. Health Navigation does not pay for tests or clinic visits. This program may include help with:

- Learning where to sign up for health insurance
- Education about health screening tests
- Understanding test results
- Scheduling appointments

I am enrolling in Clinical Services through the Women's Wellness Connection (WWC) and I understand the following: Clinical Services pays for testing in order to screen and diagnose breast and cervical cancer depending on my age. The program does not pay for tests and care that are not related to finding breast or cervical cancer. I have talked to someone at this clinic and understand the choices available to me if cancer is diagnosed. As part of Clinical Services, I understand that I cannot have Medicaid, Medicare, or other health insurance that will pay for these tests or my health insurance has a high deductible or co-pay that I cannot afford.

I am enrolling in the Well-Integrated Screening and Evaluation for Women Across the Nation (WISEWOMAN) program and I understand the following: The WISEWOMAN program pays for screening for cardiovascular disease risk factors (assessment of body mass index, blood pressure, cholesterol, and glucose), risk reduction counseling, medical follow-up (if required) and healthy behavior support options, for which my insurance does not pay, in an effort to prevent cardiovascular disease.

Women's Wellness Connection CLIENT PROFILE TOOL

<small>(Internal use)</small>		
AGENCY #	CHART #	eCaST ID
ENROLLMENT/RE-ENROLLMENT DATE	UNINSURED CLIENT: REFERRED FOR INSURANCE (mark all that apply) <input type="checkbox"/> Medicaid <input type="checkbox"/> Connect for Health Colorado <input type="checkbox"/> Other: _____ <input type="checkbox"/> Client not referred

NBCCEDP and WISEWOMAN

Lessons Learned: Staffing

- Located in same small Branch
- Have tried different staffing patterns over the years
- At one point was further integrated with all staff doing both programs
- Determined WISEWOMAN needed dedicated staff (hard for staff to be experts in everything)
- Program Directors continue to meet at least monthly
- Front line staff communicate regularly about shared grantees

NBCCEDP and WISEWOMAN

Lessons Learned: Contracting

- Considered having a shared Request for Applications/contract but was too difficult with different grant cycles and changing expectations.
- Still utilize similar contracting processes.

NBCCEDP and WISEWOMAN

Outcomes

- Successfully awarded WISEWOMAN for 3 grant cycles
- Robust data collection
- Realized efficiencies
- Alignment of processes
