

# Nebraska Food and Nutrition Security State Profile

## Purpose

The purpose of the Food and Nutrition Security Profile (Profile) is to provide an overview of state and regional efforts and infrastructure to advance food and nutrition security. Although not exhaustive, the Profile serves as a resource to support greater collaboration across disciplines and sectors to improve equitable access to food. The intended audience includes public health practitioners, food policy councils, community-based organizations, food banks and pantries, school district wellness councils, food sovereignty organizations including Indigenous groups and coalitions, and others with a mission to improve food and nutrition security.

The Profile serves as a companion to the [National Food and Nutrition Security Profile](#) and will be reviewed and updated biennially. If you have any questions or comments about your Profile, please contact the Center for Advancing Healthy Communities at [CAHCinfo@chronicdisease.org](mailto:CAHCinfo@chronicdisease.org).

## Food Banks, Pantries, and Feeding Programs

The following food banks are members of Feeding America's [network](#).

- [Food Bank of Lincoln](#)
  - View the [programs offered](#).

For additional information or questions about this Profile, please contact the Center for Advancing Healthy Communities at [CAHCinfo@chronicdisease.org](mailto:CAHCinfo@chronicdisease.org).

The Improving Food Security, Access to Safe Physical Activity, and Social Connectedness project, commonly known as Building Resilient Inclusive Communities (BRIC), was a national project of the National Association of Chronic Disease Directors that was supported by the Centers for Disease Control and Prevention (CDC) of the U.S. Department of Health and Human Services (HHS) Cooperative Agreement #OT18-1802, Strengthening Public Health Systems and Services through National Partnerships to Improve and Protect the Nation’s Health, in response to the COVID-19 pandemic. The contents of this profile are those of the author(s) and do not necessarily represent the official views of, nor an endorsement by, CDC/HHS, or the U.S. Government.

The National Association of Chronic Disease Directors (NACDD) and its more than 7,000 Members seek to strengthen state-based leadership and expertise for chronic disease prevention and control in states and nationally. For more information, visit [chronicdisease.org](http://chronicdisease.org).
