Welcome to the National Breast and Cervical Cancer Early Detection Program (NBCCEDP) Annual Meeting

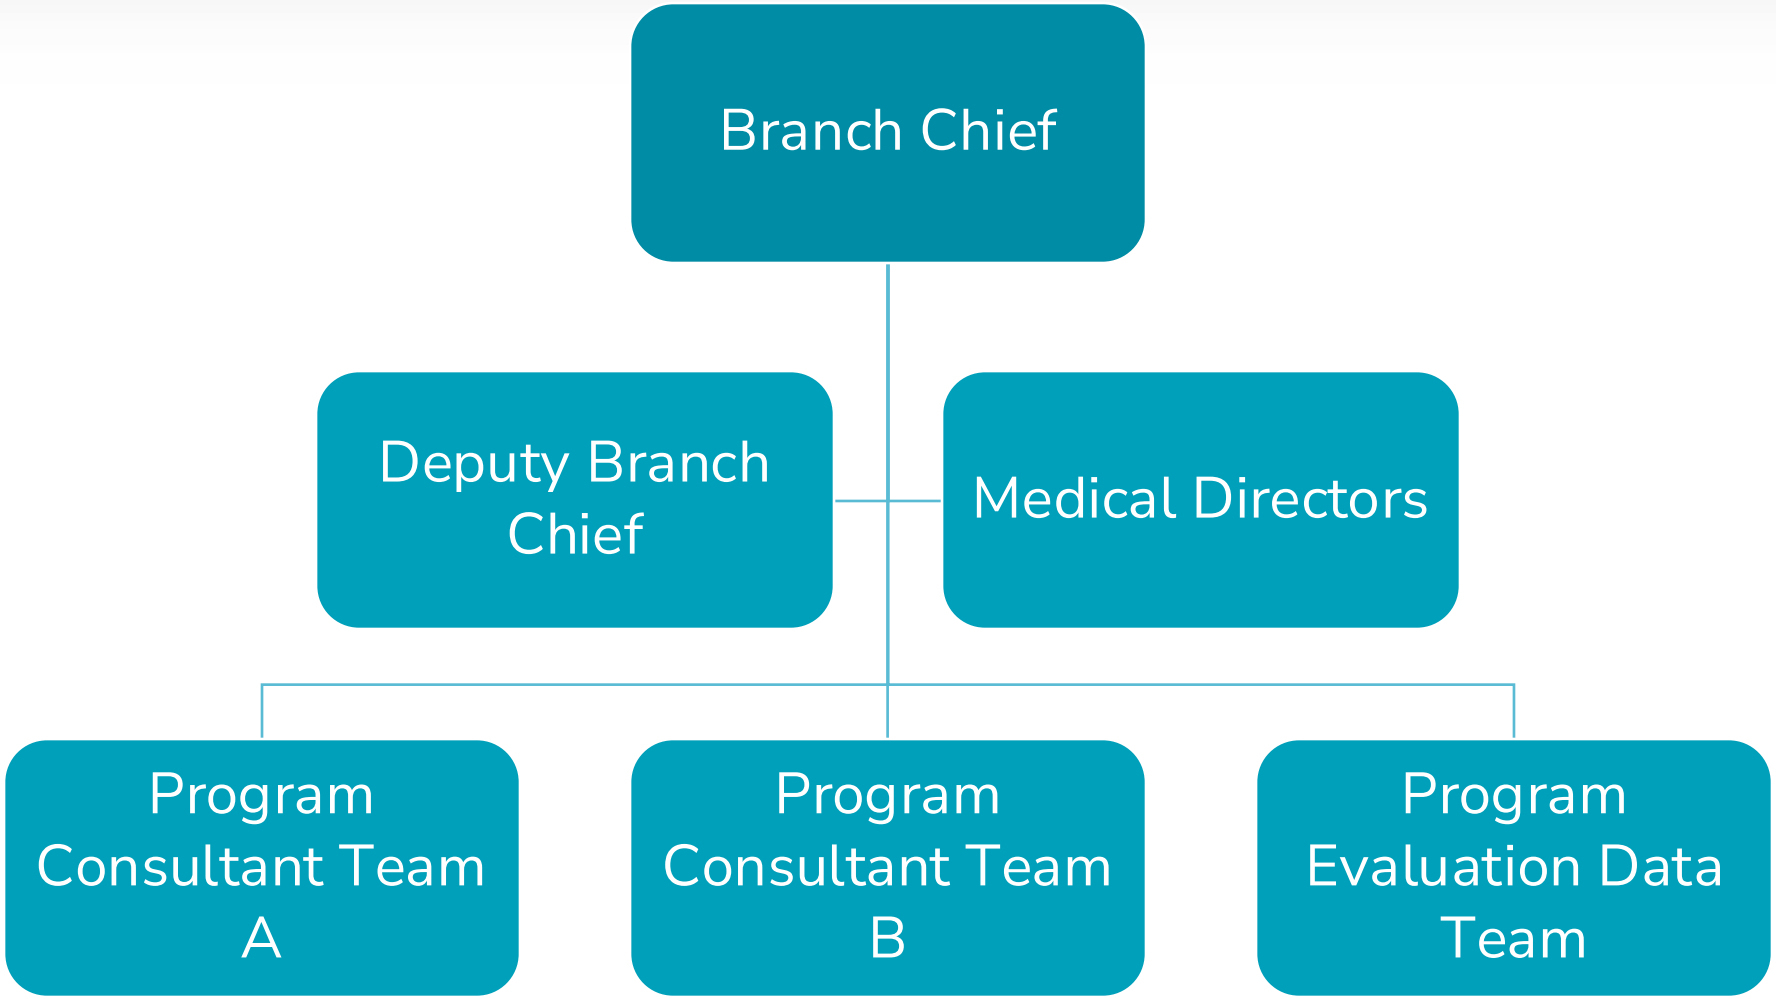

A word from our Acting Branch Chief

NBCCEDP Performance Since Inception in 1991

- **35 years** of service
- **6.6 million** women served
- **17.0 million** breast and cervical cancer screening examinations provided
- Diagnosed **82,827** invasive breast cancers and 26,357 premalignant breast lesions.
- Diagnosed **5,422** invasive cervical cancers and 259,537 premalignant cervical lesions, of which 38% were high-grade.

Program Services Branch, Division of Cancer Prevention and Control

Partnering together to increase cancer screening
